

Ylang Ylang Essential Oil

Product Details

Botanical Name: *Cananga odorata*
Country of Origin: Madagascar
Extraction Process: Steam Distilled
Part of the Plant Used: Flowers

Description: Ylang Ylang Essential Oil has a floral, sweet aroma. The Ylang Ylang flower was used for many years in Chinese medicine to help treat cuts, sores, bruises, burns, insect and snake bites, and menstrual symptoms. The Ylang Ylang plant is native to India, Indochina, Malaysia, Indonesia, Philippines, and parts of Australia. The essential oil of the Ylang Ylang flower has been used in perfumes, incense, hair serums, shampoos, and much more. Its sweet aroma is highly loved and diffused throughout many homes to create an atmosphere of peace, cleanliness, and serenity.

Common Uses & Benefits: Ylang Ylang has been traditionally used to help exhaustion, depression, menstrual symptoms, insomnia, tension, and circulation.

Therapeutic Properties: Antidepressant, Antiseptic, Antispasmodic, Calmative, Ester, Monoterpenol, Sedative.
